

## DATA SHEET 17057.190.32000

## Folarex HS 1x Matt

This polyester drawing film has been developed specifically for manual drawing and features an extremely fine, antistatic matt surface. It satisfies the highest requirements when drawing using China inks. The extremely fine surface produces sharp ink lines which do not spread. Any ink lines can be easily and completely removed using a moistened China ink eraser. Going over the corrected area again with a pencil eraser will produce a surface that can be redrawn without any problem.

## Rolls

Art.Number	Width (mm)	Length (m)	Base Thickness(μm)
17053.070.32000	1220	20	70
17054.090.32000	1220	20	90
17056.140.32000	1220	20	140
17057.190.32000	1220	20	190

## Technical data

## Characteristic

- Anti-static
- Super sharp edge definition
- Environmental friendly

## Finish

- Matt Translucent Surface

## Specifications

Coating Printsideside	Technical Bureau
Width (mm)	1220
Printsideside	Matt Side
Length (m)	20
Base Thickness(μm)	190
Backside	Glossy side
Base Material	Polyester film

### **Compatibility**

- Use with ink, graphite, pencils and polymer plastic mines. Pen plotter with not too high drawing speed.
- For use on most Large Format Mono Copiers and Laser Plotters, Pen Plotters, Laser Printers. Also for Offset & Serigraphy.
- For use on most Pen Plotters.

### **Handling**

- For correct feeding please follow the equipment suppliers manual.
- Avoid moisture and fingerprints.

### **Storage**

- Once packaging is opened, store at a room temperature of 15 - 25°C and at a humidity of 30 - 60 %
- Store in a cool and dry place

### **Product liability clause**
